

OUR MOUNTAIN

LIONS NEED YOU!

California Senator Fran Pavley

invites you to participate in a rally to

Learn how you can help build a wildlife crossing at Liberty Canyon!

FRIDAY, SEPTEMBER 19, 2014 ~ 10:00 AM
AT LIBERTY CANYON AND THE 101 IN THE CITY OF AGOURA HILLS

Our urban parklands are bordered by major free-ways that make it nearly impossible for mountain lions and other wildlife to cross safely into new territories. Without free movement, our wildlife are threatened with loss of genetic diversity, territorial disputes, and unfortunately, the dangers of crossing multilane freeways.

This is your opportunity to get involved with a growing group of advocates including the National Park Service, Caltrans, Santa Monica Mountains Conservancy, Mountains Recreation and Conservation Authority, Resource Conservation District of the Santa Monica Mountains, City of Agoura Hills, National Wildlife Foundation, Santa Monica Mountains Fund and many more!
